

# TAG, YOU'RE IT

**Tag-Mates** are a new way to get out of the sticky situation of losing your kids' clothes — the mini labels stick to clothing care labels so you don't have to iron or sew them on. You can choose up to 20 letters, in purple on a white background. Tag-Mates adhere even through washing and drying, and can be customized with one of more than three dozen icons, from fire truck to seahorse. \$18 for 75 labels at [www.mabel.ca](http://www.mabel.ca).
