

Mabel's Labels

No more sewing, no more ironing tags!

This smart Canadian company has designed an incredibly useful product – Tag-Mates – tiny labels with a child's name and a personalized icon that stick to clothing care tags! Parents of kids in daycare or with camp bound kids this summer will be grateful for Mabel's Labels. They even survive repeated washing and dryings. We know because we tested them! The tags are handy to identify children's stuffed toys or blankets too.

\$21 for 75 labels. mabel.ca
